

The 20th International Conference on INnovation in Intelligent Systems and Applications 2026

September 17–19, 2026

Hotel de Guimarães, Portugal

Call for Papers

The International Conference on INnovations in Intelligent SysTems and Applications (INISTA) has been organized since 2005. It brings together researchers from multidisciplinary fields of intelligent systems to establish effective communication between them.

INISTA covers all aspects of intelligent systems, from theory to practice. The 2026 edition is hosted by the University of Minho in Guimarães: a UNESCO World Heritage site and the birthplace of Portugal.

Apart from the main track, the conference includes workshops, tutorials, special sessions, and plenary talks by invited speakers.

Guidelines

Template: Papers must use IEEE templates for conference proceedings.

Page limit: Maximum 6 pages including references and figures. A limited number of extra pages may be purchased.

Language: English only. Authors are encouraged to use grammar-checking tools or seek proofreading support from a native speaker.

Submission implies that at least one author will register, pay the fee, and present the paper in person.

All papers should be submitted via EasyChair:
<https://easychair.org/conferences/?conf=inista2026>

Publication

Accepted papers will appear in IEEE Xplore and be indexed in the Web of Science Core Collection databases.

Authors of selected best papers will be invited to extend their work for publication in special journal issues.
